Workshop/Presentation Guidelines for Payment of Fees

Latest Revision January 2023

When any committee, or the Executive, is planning a workshop or presentation to the general membership, the following guidelines will apply:

1. Any proposed workshop or speaker shall be discussed with the committee before the workshop/presentation is offered to the OT members or the speaker is confirmed. It is imperative that the potential speaker /presenter understands that the final decision will be made by the committee, or in some circumstances, the Executive of the Local, and therefore, a commitment to engage the person's services is not in place until that decision by the committee/Executive is made.
2. When a committee member approaches an individual or group for a speaking engagement or workshop presentation, the committee member needs to determine what costs may be involved, e.g. speaker/presenter fee, materials cost, travel expenses, accommodation costs, meal expenses, dependent care expenses, etc. The speaker(s)/presenter(s) shall be made aware that the proposal must be approved by the host committee before the engagement is confirmed. The committee member shall request an outline or synopsis of the potential workshop/presentation. Once the confirmation is made, a written agreement will be made and the speaker/presenter will receive a copy.
3. In every case, each speaker/presenter will receive a small gift. The gift shall not exceed twenty-five dollars (\$25.00).
4. The following guidelines apply to the various types of speakers/presenters involved:

All fees/payments for speakers/presenters, who are contributors to the Ontario Teachers' Pension Plan, must go through our Board payroll or through the ETFO office.

- a. Professional Speakers – the committee will have the information as to the speaker's total costs and will make a decision whether or not to engage the services of the individual prior to the commitment being made.
- b. Speaker/Presenter from the ETFO Provincial Office – if the individual is a member of the ETFO provincial staff, all other costs will be undertaken by the provincial office, unless otherwise specified ahead of time. If it is a "Presenters on the Road" workshop, ETFO pays part of the costs and the remaining predetermined costs are paid by the Local. If there is another format being used by the ETFO provincial office for presenters, e.g., splitting the costs between the Local and the ETFO provincial office, the committee will make the determination ahead of time whether or not to enter into this agreement.
- c. ETFO-WROT Local Speaker/Presenter – speakers will be paid up to one hundred dollars (\$100.00) per hour of the presentation as a fee/payment to a maximum total

amount equal to the amount received for a day of occasional teaching at the current daily rate. If the workshop is more than a half day, the presenter will receive an additional \$100.00. All costs will be finalized prior to the event.

- d. ETFO-WRT Local Member - speakers will be paid up to one hundred dollars (\$100.00) per hour of the presentation as a fee/payment to a maximum total amount equal to the amount received for a day of occasional teaching at the current daily rate. One day of occasional teacher coverage may be given in lieu of money. If the workshop is more than a half day, the presenter will receive an additional \$100.00. All costs will be finalized prior to the event.
- e. “Public” Speakers/Presenters – this would refer to presenters from social agencies, businesses, universities, etc. The Local will pay agreed upon expenses. If there is no expense involved, a small donation to a charitable organization may be given, as predetermined by the committee/Executive.
- f. Trained ETFO Members – e.g., if the services of a Parliamentarian are used, the costs involved would be predetermined. In usual circumstances there is a minimum three-hundred-dollar (\$300.00) fee per meeting plus travel expenses.
- g. Presentations During the Regular School Day – if the presenter would normally be working during the school day at their school, their replacement occasional teacher coverage would be covered and paid to the Board, based on either a half-day or full-day presentation. Additionally, the speaker would receive a fee of up to one hundred dollars (\$100.00) per hour of the presentation to a maximum total amount equal to the amount received for a day of occasional teaching at the current daily rate, and other agreed upon expenses.
- h. Outside the Regular School Day – the presenter would be paid up to one hundred dollars (\$100.00) per hour of the presentation to a maximum total amount equal to the amount received for a day of occasional teaching at the *current* daily rate, plus other agreed upon costs.
- i. WRDSB (non-ETFO) Staff – non-teaching staff would be presented with a small gift only. If there are other costs involved, these would be finalized prior to the event.
- j. Members of the ETFO - WROT Local Executive – for the non-released Executive members who are required to present at a function as part of their Executive responsibility, e.g., new teacher orientation, general membership meetings, etc., travel and material costs would be covered as well as work reimbursement at the daily OT hourly rate. Released officers of the Local may receive lieu time as well as travel and materials costs.

7. Federation work, where attendance is requested by the President outside of school hours will be reimbursed for hours spent. i.e. EasyConnect workshop with Manager of Human Resources, Health and Safety Training, etc. Successful completion of the program will be expected in order to qualify for reimbursement. This will be considered Federation Professional Learning as it can be used to benefit all members on an ongoing basis.

9. Executive members are not eligible for reimbursement of dependent care expenses for those activities and events where they are already being reimbursed for their time, i.e. at Executive meetings, at committee meetings where they are the chair and/or where their position on the committee is part of their role description. For those committees on which they choose to serve, in addition to their position portfolio, Executive members can claim dependent care expenses since they are not being otherwise reimbursed for their time.

Operating Procedure #7:

Latest Revision February 2024

Part A: Local Members at ETFO Provincial Meetings

Preamble: The Executive recognizes the important training opportunities for Executive members and/or Committee Chairs by having them attend Provincial meetings. Decisions on the attendance of such members, based on Local funding costs, will be made by the Executive, through motion, prior to the event. Budget restraints and the relative importance of each particular session will be taken into account when making the motions and decisions.

Single room accommodation may be authorized by the President, upon request, when a member is attending a Federation or Provincial function that has been previously approved by the Executive.

1. **Leadership Training:** This usually occurs at the end of September each school year. ETFO Provincial determines who, in addition to the President, may attend. The President or designate automatically attends at Provincial expense. The following expenses are covered by the Provincial office and/or the Local:
 - accommodation
 - meals
 - travel expenses
 - dependent care and
 - release time

These expenses are reimbursed for all Local members attending. If financial support for some chairs is not provided by the Provincial office, the Local Executive will approve, by motion, the costs for those people on the Executive and/or Committee Chairs who will attend, following the recommendations of the President.

2. **Representative Council/Meetings:** These are held for two days each in October, February and May of each school year. The President or designate of the Local automatically attends in a voting capacity at Provincial expense. An additional member of the Local Executive may attend at the Local's expense, provided a motion is passed by the Local Executive prior to the event being held. In general, it would be the First Vice President or Second Vice President who would attend with the President, if such a motion is passed. Release time, accommodation, travel costs and dependent care costs are paid by the Local for two days for those members attending Representative Council meetings.
3. **Federation Annual Meeting:** This meeting is held in August, in Toronto. Determination of members attending is partially covered by the Constitution. The number of delegates is determined by Provincial Office, based on the previous year's numbers, as sent in by the school board (one year out of date). The President and First Vice President or designates attend by virtue of their positions. Additional delegates are elected at the Winter General Meeting. All members in good standing

may choose to stand for election at the Winter General Meeting. The prescribed number of delegates and up to two alternates may attend the Federation Annual Meeting. Costs for delegates are the responsibility of the ETFO Provincial Office. Usually, all costs for alternates are the responsibility of the Local. The possibility of a member having observer status for one day at the Federation Annual Meeting, with all related costs covered by the Local, must be determined through Executive motion, prior to June 30, preceding the Federation Annual Meeting.

Part B: Local Members at Provincial Occasional Teachers' Meetings

1. **GHOTs (Golden Horseshoe Occasional Teachers') Meetings:** These meetings are held once per month in the months of November, January, March, and April. The President/Designate of the Local attends at Local expense (travel and lunch costs). An additional member of the Local may attend a GHOTs meeting, provided a motion has been passed by the Local Executive prior to the meeting being held, with priority given to the Executive members who haven't yet attended such a meeting. All travel, meal and release time expenses are paid by the Local. All members of the Executive are open to attending a GHOTs meeting. It is usual that a different member of the Executive would attend, with the President/Designate, on each occasion.
2. **POTs (Provincial Occasional Teachers) Meetings:** These meetings are held twice each year for 2.5 days each, in mid-September and early June. They are held in various locations around the province. Overnight accommodations for two and sometimes three evenings (depending on the meeting location), travel and meals, release time costs as well as possible dependent care expenses are covered by the Local. Because they tend to be rather costly meetings, only the President/designate and usually one other person from the Executive attend. At the September POTs meeting the President/designate shall attend and the First Vice President may attend. At the June POTs meeting the current president/designate, and the incoming president of the Local shall attend. In the event that the current president and the incoming president of the Local are the same person, the incoming First Vice President may attend the June POTs meeting with the President. In the event that the head of the delegation is not the President, the head of the delegation shall attend the June POTs meeting. When finances allow, and with the prior approval of the Executive, additional Executive members and/or FAM delegates may attend POTs meetings.
3. **Other Occasional Teachers' Meetings and Conferences:** it is expected that the following members may attend the specified meetings, with prior approval by the Executive.

- CBOTs - the President and the 1st Vice president who are the Chief Negotiator and the Chair of the Collective Bargaining Committee, respectively
- PAROTs - the chair of the PA/PR Committee
- PLOTs - the chair of the Professional Learning Committee
- SHOTs - the 1st Vice President who is the Joint Health and Safety Representative
- TROTs - the Treasurer

Part C: Local Members at Labour Organization Events

1. OFL/CLC (the Ontario Federation of Labour Convention and the Canadian Labour Congress Convention) are attended by the President or their designate (1st VP). In the event that the President and 1st Vice President are unable to attend, the chair of the PA/PR Committee may attend with prior Executive approval.
2. WRLC – (the Waterloo Regional Labour Council meetings) are attended by the 1st Vice President, the PA/PR chair, and other delegates approved by the Executive.

Part D: TIE (Together in Education)

The Committee consists of the presidents of the local OSSTF - District 24 (Ontario Secondary School Teachers' Federation - District 24), OECTA (Ontario English Catholic Teachers' Association - Waterloo), ETFO - WR (Elementary Teachers' Federation of Ontario - Waterloo Region), and ETFO - WROTL (Elementary Teachers' Federation of Ontario - Waterloo Region Occasional Teachers' Local). The President and the 1st Vice President attend.

Operating Procedure #8: **Dependent Care Subsidy Policy**

Latest Revision January 2023

It is the intent of the WROTL that its members shall not suffer undue financial hardship when attending WROTL events, and those sponsored by the provincial ETFO office, because of the need for dependent care for family members. Therefore, reimbursement will be provided, upon request, as follows:

1. Payment for Child and Adult Dependent Care shall be up to \$60 for the first dependent and \$10 for each additional dependent to a maximum of one hundred dollars (\$100) per day of the event of the Local. If the event is sponsored by the provincial ETFO office, and dependent care is not provided, the Executive shall determine whether to provide dependent care to its Local members who attend the event.
2. If special circumstances require additional financial support, the member must contact the Local Office, for approval, prior to the meeting/event benign held, for which they are requesting assistance, ie. overnight care, medically fragile dependents.
3. Payment for child care is limited to dependents eighteen years (18) of age and under.
4. Payment for adult dependent care is limited to an adult whose care is the responsibility of the member.
5. Payment shall not be made when a family member, who does not regularly charge for such care, provides care on this occasion.
6. All requests must be made within thirty days (30) of the Local activity.
7. Original, signed receipts from the provider must accompany the member's request, with the proper completed Dependent Care Subsidy form, listing the names of the dependents and the date of the activity/event for which financial support is being sought.
8. All requests must be submitted to the President of the Local at the Local office. Requests shall be charged to the budget line for dependent care.
9. Executive members and committee chairs who are being reimbursed for release time are not eligible for dependent care reimbursement.

5. Delegates and Alternates must vote in accordance with instructions the Local has chosen, by majority vote, to give to the delegation as a whole. When no vote is taken, but a direction has been given through discussion and agreement at the June POTs (Provincial Occasional Teachers) meeting, the Delegates and Alternates will vote in accordance with those directions, unless a different option is discussed and agreed upon. Where no direction has been given by the Local and/or POTs, Delegates/Alternates are free to vote as they choose. A "consensus" vote means the majority of members have come to a decided direction for the vote on a particular resolution, and all the Local Delegates/Alternates will vote in the direction given unless they have voiced their alternative position ahead of time. A "block" (en bloc) vote requires that Delegates/Alternates MUST vote in the agreed upon manner (at POTs or the Local Delegates and Alternates meeting) for a particular resolution. Revisions to these directions may occur at the OT Caucus, just prior to the start of the Federation A.M., or at any time throughout the A.M. when an OT caucus is called. The POTs "whip" will provide direction to the Delegates/Alternates, for voting, when a caucus is called.

6. Should a Delegate/Alternate choose not to follow the directions given by the Local, the President/designate shall have the authority to replace the Delegate/Alternate.
7. Should a Delegate need to leave the floor of the Federation A.M. at any time, the Delegate will request that an Alternate replace the Delegate to ensure that no delegate seats are empty at any time. Alternates must be prepared and available to assume the seat of a delegate as needed.
8. It is expected, in usual circumstances, that all Delegates and Alternates will participate in the activities of the Local delegation during the time period of the Federation A.M. (Monday to Thursday). This would include evening activities as well, except in unusual circumstances as authorized by the delegation chair.
9. "Spirit wear" chosen by the delegation will be worn at the opening of the Federation A.M. During the remainder of the meeting it will be worn as often as possible and when appropriate, at the discretion of the Delegate/Alternate.
10. The Federation A.M. gala event, on Wednesday evening, requires each Delegate/Alternate to wear more formal attire as this is a dressy occasion. Throughout the remainder of the A.M., Delegates and Alternates are asked to dress respectably, remembering that they represent the members of the Waterloo Region Occasional Teachers' Local.

It shall be the policy of the Waterloo Region Occasional Teachers' Local that released Officers may claim lieu time for additional hours worked, not to exceed ten (10) work days per year. 3. The token of appreciation shall be a gift card, or other small gift, not to exceed ten dollars (\$10.00) in value.

Operating Policy #16: **Computer and Electronics Policy**

June 2019

Allocation of Computers

The following computers should be available in the WROTL office:

President	1 stand alone desktop computer with wide or side by side monitors 1 laptop computer
First Vice President	1 stand alone desktop computer with wide or side by side monitors
Treasurer	1 laptop or 1 desktop computer with single screen
Office Administrator	1 stand alone computer with side by side monitors
Other	Access to 1 laptop computer as needed

Total number of computers: 6

Updating of Hardware and Software:

Computer hardware and software need to be updated on a somewhat regular basis.

1. Software - the replacement time is usually when the company which provides it will no longer support the current version being used in the office, or when the software becomes damaged or no longer fulfills the purpose for which it was purchased.
2. Hardware - the replacement cycle is somewhat as follows. There are no hard and fast timelines. However, it is imperative that hardware be replaced before it is totally damaged, if possible, or when it becomes so inefficient that it becomes tedious and not cost effective to keep using it.
 - a. Desktop Stand-Alone Computers - Usually these computers should last at least 4 – 5 years. The rule of thumb is to look at the length of the warranty period and multiply this by 150%. i.e., if the warranty period is 3 years the computer should be expected to last about 4.5 – 5 years. If the machine is still usable it may be allocated elsewhere in the office at that time, or may continue in its current role until a later date.
 - b. Laptop computers - the replacement time is often reduced by 25% of the warranty period. This would depend on the user and the usage, whether the laptop is being carted around to various venues. So, if the warranty period is 3 years, a good rule of thumb would be to look at replacement every two and a half to three years. If the laptop doesn't leave the office and the user is careful, it may last longer. If the battery on a laptop "dies", it is unlikely that a replacement can be obtained and the laptop would have to be replaced.

Disposal of Old Computers – older computers can be repurposed in a variety of ways. They can be “cannibalized” for replacement parts, have the hard drive stripped and then sold/donated elsewhere, or can be kept in the office as backup for a period of time.

Cell Phone Allocation and Replacement Policy – at this time only the President has a cellphone for business purposes. It is on a 2 or 3 year contract. It should be replaced at the end of this contract.

Other Items for Consideration: computer projector, computer server.

It will be the responsibility of the office staff to keep an updated inventory of equipment so that the budget committee can examine it at the time of preparing the next year’s budget, to determine what equipment needs to be replaced after executive approval.

Operating Policy #17: **Online Executive Motions**

June 2021

The President of the Local has the authority to make decisions between Executive meetings that cannot wait until the next scheduled Executive meeting. However, situations sometimes arise, between Executive meetings, where an Executive decision must be made, or when the President would prefer that the Executive make the decision on an issue. With the ability to hold either in-person or virtual meetings, these discussions and decisions can be facilitated. However, in the rare circumstance where neither of these meetings can occur, this policy for online motions will provide guidance as to the manner in which motions, discussions, and votes will be conducted.

Eligibility:

It is appropriate for any Executive member to put forward a motion, provided that the President has been informed beforehand, and that there are time considerations necessitating expedience. An online motion may be deemed out of order if it is decided that the motion could reasonably wait until the next Executive meeting. Any Executive member can voice objection to an online motion on the grounds that it could wait until the next scheduled Executive meeting.

Procedure:

1. All motions, discussion and voting will be conducted online, with the President serving as chair.
2. Any Executive member can put forward a motion and must inform the President prior to doing so. In presenting a motion, the mover is encouraged to provide a rationale, if they so choose. If a rationale is not provided, it will be assumed that the mover has passed on the opportunity to speak to the motion.
3. Opportunity for debate, in the form of emails, will be provided to all members of the Executive through the "reply all" format. These emails must be displayed to all members of the Executive. A set time period will be provided with a minimum of 24 hours for this debate. After the minimum 24 hours for debate, keeping expedience in mind, Roberts' Rules will still determine the process for amendments or for a call to end debate. The President, as chair, will put the question at the end of the set time period or earlier if there is a successful motion to end debate.
4. Once the question has been put, all members will have the opportunity to cast their votes. A quorum (BYLAW I - DUTIES OF THE EXECUTIVE, Section 1 - Executive, Subsection 1.1.4) of voters must vote in order for the decision to be considered valid. Voting will end once all members have cast their votes in favour of, opposed to, or by abstention of, the motion. All Executive member votes will be shared with all Executive members, unless there is a valid reason requiring a secret ballot. The chair will announce the result of the vote to all the Executive members.

5. A record and disposition of any online motion shall be placed in the next Executive meeting Agenda under Business Arising, with the mover's name, the seconder's name, the date that motion was addressed and the result recorded.

Operating Procedure #18: **Investment Policy**

June 2022

- a. Funds may only be invested in Term Deposits, Credit Union Investment shares, GICs, Money Market Funds, or Government Bonds.
- b. Investment may only take place in credit unions.
- c. Decisions regarding investments shall be made by Executive motion.
- d. All monetary funds of the Local shall be held with due regard for the insurable limits placed on deposits in the Province of Ontario. Whenever reasonably possible, the majority of the Local's funds should be insured.

Operating Procedure #19:

Conflict of Interest Guidelines for Waterloo Region Occasional Teachers' Local Executive/Committee Members

January 2023

A conflict of interest or potential conflict of interest may arise in a variety of situations. These may include but are not limited to:

- where an Executive/Committee member's private and/or financial interests are in conflict with their duty to the Local or its Members;
- where an Executive/Committee Member's political interest or Local's political interest is in conflict with their duty to the Local or its Members;
- where an Executive/Committee Member makes a decision or acts in a manner that is not in the best interest of the Local or its Members;
- where an Executive/Committee Member, or a Member of their immediate family, personally contracts with the Local.

An Executive/Committee Member who believes that they have a conflict of interest, or a potential conflict of interest, in a matter that is before a meeting of the Executive, General Meeting(s), the Local Annual Meeting, or a meeting of a Standing Committee, shall, if present at the meeting considering the matter disclose the general nature of the conflict of interest.

An Executive/Committee Member who has disclosed a conflict of interest, or a potential conflict of interest, shall:

- abstain from voting or participating in the consideration of the matter that is before the meeting by withdrawing from the meeting for the discussion and/or vote on this issue.

In the event that an Executive/Committee Member has reasonable grounds to believe that another Executive/Committee Member may be in a conflict of interest, or a potential conflict of interest, the Executive/Committee Member shall, if that conflict has not been disclosed, request that the Executive/Committee move into an In Camera Session to consider the matter.

The Executive/Committee may, with a two-thirds vote, determine if an Executive/Committee Member shall abstain from voting or participating in the consideration of the matter that is before the meeting by withdrawing from the meeting for the discussion and/or vote on this issue.

An Executive/Committee Member shall not use information that is gained as a result of their position as an Executive/Committee Member and is not generally available to other Members of the Local to further or seek to further the Executive/Committee Member's private interest.

An Executive/Committee Member shall not use their position to seek to influence a decision made by another person to further the Executive/Committee Member's private interest. This does not prohibit activities in which Executive/Committee Members may normally engage on behalf of the Members of the Local.

Operating Policy #20: **Connecting With Colleagues**

June 2023

Engaging our members is important to the Local. These Connecting With Colleagues sessions can take many forms and are the responsibility of the First Vice President, who is expected to attend these various events. The events may be hosted by different Executive members.

Suggested guidelines for these Connecting With Colleagues sessions include:

- informal small group sessions to facilitate discussion and to address members' concerns
- providing suggested topics for discussion ahead of time
- taking the Collective Agreement to each of these sessions
- hosting some sessions in various locales around the region to represent the entire region, i.e., coffee shops, schools, Local office, virtually
- sessions would take place after the end of the school day but the time of the event could be slightly varied
- sessions would be held every other month as a minimum occurrence

The goals of Connecting With Colleagues are:

- to reinforce the function and purpose of the union
- to provide information to the members
- to answer members' questions

Operating Policy #21: **Attendance of Members at WROTL Events**

February 2024

Effective September 2024

PREAMBLE: *Because of the number of members who do not show up for WROTL events, after registering for these events, it has become necessary to put measures in place that will, hopefully, deter members from not showing up. No-shows prove to be very costly to the Local.*

1. Members will be required to pay a small deposit when they register for any event which an expense is incurred. The amount will be twenty (\$20.00) dollars per event. If there is no cost for the event, a line indicating this (“No registration fee required”) will be put in the advertising of the event.
2. Registration will be done through Eventbrite. There will be a cutoff date for registration. Payment for event fees and any resources will be charged separately through Eventbrite. The First Vice President will be responsible for accepting the Eventbrite event information and registration fees. Money that is collected will be deposited to the Committee Room Rental/Event Fees line in the budget, line 555. If the event is held in more than one session, the registration fee will be refunded, in full, by cheque, to participants who attend all sessions following the last session of the event. Committee Chairs must let the First Vice President know who registered and did/did not attend the actual event, immediately following the event.
3. Immediately following the WROTL event, the First Vice President will:
 - a. Refund the full deposit amount to those who did attend the event, ensuring no cost to the member.
 - b. Not return the registration fee to those who registered but did not attend the event and did not provide the local office with a minimum of twenty-four hours notice that they would be unable to attend. Extenuating circumstances may be considered.

There will be a new line on the registration form for each event indicating that the member understands the new policy. It is suggested that this information also be put in a newsletter so that members understand why this step is being taken. It will also indicate that members can call the office and speak to the First Vice President if they have questions.
